## Page 1: EXPLAIN IT!

Students are given one academic vocabulary word/testing term to define in their own words. Students may also discuss a possible response with a partner or find the definition in a dictionary. Some words also ask for an example to help students apply their understanding.

## Page 2: HIGHLIGHT IT!

Students use highlighters or light-colored markers to highlight a given element within a short selection, phrases, or words. Page 2 will often supplement the academic vocabulary word from page 1.

## Teacher Instructions

### Option 1: Daily Morning Work

\*Students complete one booklet a day for independent morning work. After all students have finished, take 10-15 minutes to review and discuss answers, noting misconceptions and targets for reteaching on the "Teacher Tracking Form." You can choose to grade responses or allow students to grade their own.

### Option 2: Daily Homework

\*Students complete one booklet a day for independent homework. The following morning, take 10-15 minutes to review and discuss answers, noting misconceptions and targets for reteaching on the "Teacher Tracking Form." You can choose to grade responses or allow students to grade their own.
