The following Teacher Binder “Dashboards” are designed to be cut out, laminated, three-hole punched, and placed in the front of your Teacher Binder to reuse week after week. You may also choose to use them in isolation or place magnets on the back to hang for easy access. I would suggest using a vis-à-vis marker to write tasks, then a damp tissue to erase.

Pre-designed templates are provided, as well as editable templates for you to type in your own headers and labels.

In order for the specialty fonts to match, please save this file to your computer and reopen in Adobe Reader before typing in your own content.
